

# Nick Moein

Full-stack .NET developer

Canada

[nick.moeintaghavi@gmail.com](mailto:nick.moeintaghavi@gmail.com) / [nickmnt.github.io/nickmnt/](https://github.com/nickmnt) / <https://www.linkedin.com/in/nickmnt/>

Full-Stack .NET Developer building production enterprise software across C#/.NET services, React and TypeScript frontends, Azure, CI/CD pipelines, and automated testing. Experienced in improving software reliability, developer workflows, and test performance within Agile environments. Fully bilingual in English and French.

## EXPERIENCE

### Software Developer II

Jan 2026 - Present

Genetec, Canada

- Built and maintained C#/.NET and React access-control software used by Fortune 500 companies.
- Cut Azure CI/CD build times by 50% through pipeline fixes and reliability work.
- Led an AI-assisted test initiative that reduced variable regression test volume by 80% and total regression runtime by about 40%.
- Regularly presented practical AI techniques to 20+ R&D staff across R&D teams, such as token efficiency and hallucination reduction.
- Mentored 5 junior developers and interns through onboarding, code reviews, and day-to-day technical guidance.

### Software Developer

Jun 2024 - Jan 2026

Genetec, Canada

- Won 1st place in a company hackathon with a project that shaped the product roadmap.
- Cut an embedded application's memory footprint by 40%, resolving critical production memory pressure.
- Redesigned brittle automated test flows, making selected runs up to 50% faster and more stable.
- Found 5 security vulnerabilities through code reviews and security assessments.
- Diagnosed and resolved 10+ customer-reported production bugs in collaboration with customer-facing teams.

## SKILLS

- **.NET Backend:** C#, .NET, .NET Core, ASP.NET Core, REST APIs, Entity Framework Core, Microservices
- **Frontend:** React, TypeScript, JavaScript, HTML, CSS
- **Databases & Caching:** SQL, T-SQL, MySQL, NoSQL, Redis
- **Cloud & DevOps:** Azure, AWS, Docker, Kubernetes, Terraform, CI/CD Pipelines, Jenkins
- **Tools:** Visual Studio, VS Code, Agile (Scrum, Kanban)
- **Testing & Practices:** Testing (Unit, Integration, E2E), Code Reviews, Performance Optimization
- **Soft skills:** Problem Solving, Cross-functional Collaboration, Mentorship, Communication, Prioritization
- **Languages:** English (Native level), French (Fluent)

## PROJECTS

Developed full-stack applications using .NET, React, Angular, TypeScript, and cloud-native microservices.

## EDUCATION

### Bachelor of Science (B.S.) - Computer Science

Jul 2023

Ferdowsi University

- GPA: 3.99/4.00, 1<sup>st</sup> ranking GPA among peers. Software Engineering specialization.
